The Fact Factory Reading Kit Available to SETs

Having collaborated with the Dyslexia Association of Ireland (DAI) and the National Council for the Blind of Ireland (NCBI), News Mag Media have proudly created the world's first audio-print magazine for children with print disabilities – dyslexia, visual impairment, reluctant readers, children with ASD and EAL being the most common. The purpose of the kit is to empower marginalised readers, inspire engagement with text, instil a love of reading and, ultimately, help every child, regardless of needs, feel included when it comes to reading. We hope (and believe) you will see the potential that the kit and magazines hold for print-disabled children.

“ We love *The Fact Factory* magazine and pen kit! It's a fantastic child-friendly resource. We have children with reading difficulties and dyslexia, as well as children with visual impairments, who absolutely love this resource! ”

Robotic Rabbit Trap

Burmese pithon snakes are wreaking havock in Florida in the US. Their population growth has got out of control and is causing the decline of over 85% of small native animals such as bobcats, racoons and marsh rabbits.

These snakes are not native to Florida and have no natural predators. They are often kept as pets, and the reason for their poplation growth is due to owners purposely or accidentaly releasing them into the wild.

However, scientists in Florida have come up with an unusual solution to the problem! They have designed a robot that looks like one of a python's favorite things to eat – a marsh rabbit. The robot even smells like a rabbit and contains a camra so that when it detects a python, a snake wrangler will be sent out to capture the creature.

It has yet to be tried and tested, but scientists are hopping that it will be successful and reduce the declien in the pythons' prey.

Flashy Fact: Burmese python snakes are excellent swimmers!

World's Largest Céilí Band

There were many things to celebrate at this year's Fleadh Cheoil in Wexford, and amungst them was a new musical world record!

1,018 musicians from all over the world gathered together at Chadwick's Wexford Park to play The Wexford Polka, The Gaelscoil Polka and The Little Diamond as part of the world's largest céilí band. The musicians came from all over Ireland as well as other countrys including the US, Japan, France and Canada.

The previous record attempt was sett only last year in Croke Park during The Late Late Show, where a band of 384 musicans played together.

The sucess at braking the Guinness World Record was confirmed by adjudicater Glen Pollard. A wide variety of instruments were involved in the band, including fiddles, bodhráns, tin whistles, banjos, guitars, uilleann pipes, mandelins and the piano.

So, when and where will the next record-breaking attempt be? 1,018 musicians will take some beeting!

Flashy Fact: The tin whistle was the most played instrument in the record-breaking céilí band.

€66.7m Left Behind

Does your family use the Deposit Return Scheme (DRS)? If not, your not alone. Lots of people are still missing out on geting back their money for bottles and cans from warter and soft drinks. Because of this, the companie running the DRS, called Re-turn, made a massive profit of €51.3 million in 2024.

Re-turn began in Febuary 2024 as part of Ireland's plan to be kinder to the planet. At the start, not everyone was expectid to cash in their deposits, but experts believe that will change in the next few years as more families use the skeam.

The extra money Re-turn made has been used wisely. It has gone towards paying off start-up costs, running education campains, building more return points, and saving for future needs.

Still, with a goal of 90% returns, we all need to play are part. So, start bringing back those bottles and cans!

Flashy Fact: In 2024, 877 million bottles and cans were returned!

Correct spelling

Choose three of these words and put them into sentences.

Word Search Maker

Here's your chance to create a word search for your friend or classmate to complete. Fill in the 12 words in the word search grid (they can go backward, forward or diagonally) and then list them in the word boxes underneath the puzzle. Fill in all the other squares with random letters so your words become hidden. Perhaps you could include a secret word (not in the list) that your friend must try and find on their own.

Sudoku Time

Each of the 9 boxes must contain the numbers 1 – 9. When you fill them in, you will then see that each line going across and each line going down also contains the numbers 1 – 9.

Poster Print Time

For this month's poster challenge, we want you to create a poster for a pirate-themed party. Remember to be both informative and creative – you want people to know about it AND look forward to it!

Crack the Joke

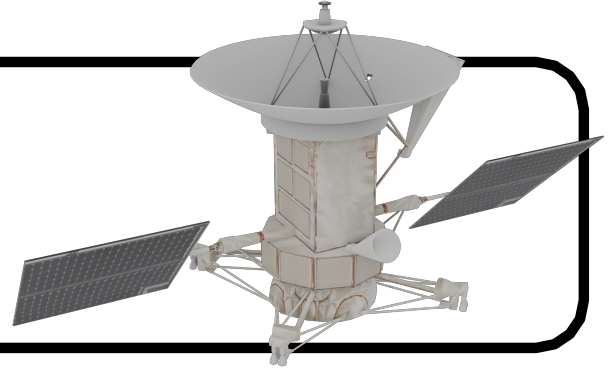

In this month's Crack the Joke on Page 17, a funny joke is waiting to be cracked. When you solve the code and reveal the gag, see if you can come up with a drawing/illustration that you think best captures the joke.

My Favourite Facts

Every issue of **News Flash** is packed full of facts and figures. Why not record the top four things that you learned from this issue? When you do, make sure to draw an illustration to go with each one. When you are finished, share and discuss your choices with your classmates. We have added one of our favourite ones below.

Magellan's name travelled even further than he did. In 1989, NASA launched a spacecraft called *Magellan*, which spent five years mapping the surface of Venus before finally plunging into the planet in 1994.
