The Fact Factory Reading Kit Available to SETs

Having collaborated with the Dyslexia Association of Ireland (DAI) and the National Council for the Blind of Ireland (NCBI), News Mag Media have proudly created the world's first audio-print magazine for children with print disabilities – dyslexia, visual impairment, reluctant readers, children with ASD and EAL being the most common. The purpose of the kit is to empower marginalised readers, inspire engagement with text, instil a love of reading and, ultimately, help every child, regardless of needs, feel included when it comes to reading. We hope (and believe) you will see the potential that the kit and magazines hold for print-disabled children.

“ We love *The Fact Factory* magazine and pen kit! It's a fantastic child-friendly resource. We have children with reading difficulties and dyslexia, as well as children with visual impairments, who absolutely love this resource! ”
